A SPECIAL DAY FOR SPECIAL CHILDREN

Chefette Restaurants continues to support the wider community in their community outreach activities; knowing that they must invariably rely on the financial support of corporate Barbados in order for these activities to be successful as adequate funding is always needed.

The Junior Chamber International (JCI) Barbados, in collaboration with the Barbados Council for the Disabled (BCD) held its annual fair themed 'A Special day for Special Children' on Saturday September 29th, 2012 at Illaro Court - the Prime Minister's official residence - where over 300 children, their parents and guardians enjoyed an evening of fun and frolic.

Marquest Clarke- Griffith, Chefette's Marketing officer, speaking before the event stated, "we know how important it is for this event to be successful, and the children look forward to this annual event. Being on board once again with JCI is always a pleasure for Chefette."

The children were treated to face-painting, performances from Blood and Mikey as well steel pan music.
